FOREX TRADING

The Forex (Foreign Exchange) market is the world's largest and most liquid financial market, where currencies are traded against each other. It operates 24 hours a day, five days a week, with major trading centers in cities such as London, New York, Tokyo, and Sydney. The Forex market is crucial for international trade and investment, allowing businesses and individuals to exchange currencies for global transactions. Key players include central banks, financial institutions, corporations, and individual traders. The market's liquidity and volatility offer numerous trading opportunities, making it an attractive option for both short-term and long-term investors.
